WEBSITE ADDRESS OF THE INSTITUTION	www.irepa.org
MAJOR ACTIVITIES	<p>The development of a wide and reliable statistical system represented one of the most relevant feature of IREPA's commitment in favour of National Administration.</p> <p>Over the last few years such activity has become a crucial one and the Institute has been entrusted with the responsibility of producing statistical data related to the fishing sector in Italy. Nowadays, IREPA operates within the National Statistical System (SISTAN) and is responsible for the coordination of the National Programme for Data Collection (Reg. (CE) 199/2008) concerning the establishment of a Community framework for the collection, management and use of data in the fisheries sector and support for scientific advice regarding the Common Fisheries Policy.</p> <p>Scientific research represents an important area covered by the Institute's wide range of activities.</p>
